the indispensable guide to understanding the world we make and the lives we lead this thoroughly revised and fully updated tenth edition remains unrivalled in its vibrant engaging and authoritative introduction to sociology the authors provide a commanding overview of the sociological approach to contemporary global challenges and the latest conceptual developments in this fascinating subject written in a fluent easy to follow style the book manages to be both intellectually rigorous and readily accessible as well as providing a firm grounding in the classics of the field and their decolonial critique it draws particular attention to dominant themes shaping the social world today from the increasing digitization of society to the important role identity plays in numerous contexts beginning with a solid foundation in the basics of sociology its purpose methodology and theories subsequent chapters offer up to the minute overviews of the discipline s core areas of concern from poverty inequality and gender to digital media political polarization and climate change maintaining its focus on global connections which has animated this book since its very first edition the tenth edition further develops its interactive pedagogy aiming to engage and excite readers helping them to see the enduring value of thinking sociologically the tenth edition continues to set the standard for introductory sociology in an ever more complex social world it is the ideal teaching text for first year university and college courses and will help to inspire a new generation of sociologists the indispensable guide to understanding the world we make and the lives we lead this thoroughly revised and fully updated tenth edition remains unrivalled in its vibrant engaging and authoritative introduction to sociology the authors provide a commanding overview of the sociological approach to contemporary global challenges and the latest conceptual developments in this fascinating subject written in a fluent easy to follow style the book manages to be both intellectually rigorous and readily accessible as well as providing a firm grounding in the classics of the field and their decolonial critique it draws particular attention to dominant themes shaping the social world today from the increasing digitization of society to the important role identity plays in numerous contexts beginning with a solid foundation in the basics of sociology its purpose methodology and theories subsequent chapters offer up to the minute overviews of the discipline s core areas of concern from poverty inequality and gender to digital media political polarization and climate change maintaining its focus on global connections which has animated this book since its very first edition the tenth edition further develops its interactive pedagogy aiming to engage and excite readers helping them to see the enduring value of thinking sociologically the tenth edition continues to set the standard for introductory sociology in an ever more complex social world it is the ideal teaching text for first year university and college courses and will help to inspire a new generation of sociologists

introduction to sociology sixth edition organizes the core concepts of modern sociology around the unifying theme of globalization taking a comparative approach the authors examine american society in a global and historical context underscoring the wide diversity of social forms and social change the authors emphasize the connections between american and world societies and the integral role of individuals in shaping both local and global society retaining the hallmark clarity of previous editions the sixth edition has been updated to reflect the most recent sociological research and data this edition also offers expanded in text pedagogy and exceptional print and multimedia resources for students and instructors

it is likely that this book will be regarded as the most important piece of grand sociological theory in english of the past decade mark poster university of california this book will take its place alongside such major statements of sociological theory as those of parsons and habermas anyone interested in the state of the social sciences today the character of social theory or the relevance of philosophy to social theory will now find it essential to grapple with giddens s bold and incisive book richard bernstein haverford college usa anthony giddens s new book is the fullest presentation yet of his theoretical views it has the lean sparse utterly serious craftsmanlike qualities we have learned to expect from its author and which make it a real pleasure to read dennis wrong times higher education supplement

academic discourse presents a collection of specially commissioned articles on the theme of academic discourse divided into sections covering the main approaches each begins with a state of the art overview of the approach and continues with exemplificatory empirical studies genre analysis corpus linguistics contrastive rhetoric and ethnography are comprehensively covered through the analysis of various academic genres research articles phd these textbooks argumentative essays and business cases academic discourse brings together state of the art analysis and theory in a single volume it also features an introduction which provides a survey and rationale for the material implications for pedagogy at the end of each chapter topical review articles with example studies a glossary the breadth of critical writing and from a wide geographical spread makes academic discourse a fresh and insightful addition to the field of discourse analysis

the second edition of classical and contemporary social theory provides wraparound coverage of the classical social theorists and influential sociological schools of thought in

the contemporary period explained carefully and clearly throughout tim delaney reviews the key concepts and contributions from brilliant classical social thinkers and recent sociological thought spanning over 500 years of source material he weaves together profiles of leading theorists thorough descriptions of major academic and intellectual perspectives and discussion of prevailing themes of interest that have concerned theorists and sociologists throughout time and will likely continue to do so in the future the book emphasizes methods of investigation and application in its overview of the field by challenging readers to think about problems critically and in relation to key sociological theories and to also apply their sociological understanding to real everyday events in this new edition delaney revisits the classical period and highlights the special contributions of american social theorists and their impact on the diversity of thought leading into the contemporary era he attends to later schools of thought and weaves in important updates related to critical race theory and globalization with updated context and further applications the second edition of classical and contemporary social theory is a perfect addition to combined courses in social theory

first published in 1999 routledge is an imprint of taylor francis an informa company

re issuing books originally published between 1969 and 1990 this set of 15 volumes gives a 20 year perspective on the development of the discipline of social geography the books emphasize the increasingly important contribution of geographical theory to the understanding of social change values economic and political organization and ethical imperatives the volumes are authored by well known international geographers and discuss the philosophy and sociology of geography as well as key themes such as the geography of health crime space they also examine the cross over of geography with other disciplines such as literature and history

offers a challenging set of readings for students approaching the study of sociology for the first time a strong emphasis has been placed upon readability and liveliness this book is strongly comparative and stresses the influence of globalizing trends in social life the text is both wide ranging and easy to follow

in this book anthony giddens addresses a range of issues concerning current developments in social theory relating them to the prospects for sociology in the closing decades of the twentieth century

in this latest edition of key thinkers on space and place editors phil hubbard and rob kitchin provide us with a fully revised and updated text that highlights the work of over 65 key thinkers on space and place unique in its concept the book is a comprehensive guide to the life and work of some of the key thinkers particularly influential in the current spatial turn in the social sciences providing a synoptic overview of different ideas about the role of space and place in contemporary social cultural political and economic life each portrait comprises biographical information and theoretical context an explication of their contribution to spatial thinking an overview of key advances and controversies guidance on further reading with 14 additional chapters including entries on saskia sassen tim ingold cindi katz and john urry the book covers ideas ranging from humanism marxism feminism and post structuralism to queer theory post colonialism globalization and deconstruction presenting a thorough look at diverse ways in which space and place has been theorized an essential text for geographers this now classic reference text is for all those interested in theories of space and place whether in geography sociology cultural studies urban studies planning anthropology or women s studies

sociology a brief but critical introduction offers a lively discursive and jargon free introduction to sociology accessible to the lay reader as well as to the student it incorporates discussion of recent developments in both social theory and empirical social research developments to which giddens has directly contributed

bill mcsweeney addresses the central problem of international relations security and constructs a novel framework for its analysis he argues for the unity of the interpersonal societal and international levels of human behaviour and outlines a concept of security which more adequately reflects the complexity and ambiguity of the topic this book introduces an alternative way of theorizing the international order within which the idea of security takes on a broader range of meaning inviting a more critical and interpretative approach to understanding the concept and formulating security policy the recent shift to sociology in international relations theory has not as yet realized its critical potential for the study of security drawing on contemporary trends in social theory dr mcsweeney argues that human agency and moral choice are inherent features of the construction of the social and thus international order and hence of our conception of security and security policy

this book reveals how conflicting worldviews are at the root of public controversies on policy and trade issues it highlights the particularly controversial disputes at the level of

the world trade organization in the case of regulating beef hormones and gmos aiming to show how negotiators of international agreements members of dispute settlement bodies and policy makers in general could have recourse to concepts of other disciplines such as epistemology and philosophy in order to address deadlocked legal disputes ultimately the book is a manifesto for independent and critical research

now available in a discounted bundle buy the exciting new seventh edition of anthony giddens and philip w sutton s sociology alongside the specially tailored and revised selection of key sociological works in sociology introductory readings the main textbook provides an authoritative overview of recent global developments and new ideas in sociology classic debates are also given careful coverage with even the most complex ideas explained in an engaging way the reader offers a stimulating and wide ranging set of readings to enable students to get to grips with original sociological thinking a strong emphasis has been placed on creating a productive mixture of classic and contemporary readings which is highly readable and lively yet remains challenging together the two books provide an engaging and thorough introduction to the full scope of sociology a comprehensive resource for all students for additional support and material please visit the accompanying website at politybooks com giddens
